Hiring Team

Gameloft

Dear Gameloft Team,

I am writing to express my interest in the Software Development Intern position at Gameloft. As a passionate and curious developer with a strong desire to contribute to innovative projects in the gaming industry, I was immediately drawn to this opportunity.

I have a solid foundation in modern programming languages such as Python and JavaScript, and I'm familiar with web technologies. My experience of SQL/NoSQL databases has equipped me to contribute effectively to collaborative development environments.

What excites me most about this role is the opportunity to learn, prototype, and make meaningful contributions in a supportive and creative environment. I am confident in my ability to take initiative, quickly adapt to new challenges, and bring a detail-oriented approach to everything I do.

Thank you for considering my application. I would love the opportunity to join Gameloft and contribute to the exciting work you're doing. I am available for an interview at your convenience and look forward to the chance to further discuss how I can support your team.

Warm regards,

Niculae George-Alexandru
